

A word from the Chairman

With over one hundred years of family experience in the pharmaceutical sector, and expanding the business into several geographies, MS Pharma is today one of the fastest growing pharmaceutical companies in the MENA region.

Our industry went through significant changes in the past few years we acted with speed, flexibility and we adapted to these changes in our investment strategies and “go to market” models. I feel fortunate to be a member of a passionate team of outstanding professionals who are taking this company to new heights, and I strongly believe that the coming few years will demonstrate the effectiveness and strength of this team.

We invite you to be a part of our exciting journey.

Ghiath Munir Sukhtian
Chairman
